PRODUCT DATASHEET | IL-TD20LL24

DREAM+ DARK SKY LENS 24° FOR IL-TD20

DESCRIPTION

The Dream+ Track Spot offers a perfect balance of energy efficiency, premium design and outstanding performance. With its modern look and advanced technology, this is the ideal lighting solution for any professional space. Combining design and functionality, the Dream+ Trackspot is perfect for those looking for high-quality lighting with a contemporary look. Ideal for commercial applications such as retail stores and showrooms. The Dream+ Track Spot comes standard with a 36° Dark Sky lens, which provides a unique light distribution and stylish appearance. For added flexibility, the lens can be replaced; these are available as accessories so you can tailor the lighting to your specific needs. These lenses vary in type (Dark Sky and High Efficiency), degree beam and lens holder color, allowing you to easily adapt the beam and atmosphere to any room and situation. A honey grid is also available for the High Efficiency lens. Whether you're looking for warmer or cooler light, or a wider or more focused beam, the optional lenses allow you to create the perfect lighting.
