EKL 3S CONNECTION TERMINAL 12P/4.0-16MM<sup>2</sup> WHITE

**DESCRIPTION**

Price per 10 pieces.

## SPECIFICATIONS

|                                                                            |                  |
|----------------------------------------------------------------------------|------------------|
| <b>Brand:</b>                                                              | Electro Terminal |
| <b>Product type:</b>                                                       | Terminal         |
| <b>Nom. (measuring) voltage :</b>                                          | 450 V            |
| <b>Electrical connection design 1:</b>                                     | Screw connection |
| <b>Electrical connection design 2:</b>                                     | Screw connection |
| <b>Number of poles:</b>                                                    | 12               |
| <b>Number of clamping positions per pole:</b>                              | 2                |
| <b>Mounting method:</b>                                                    | Direct mounting  |
| <b>Flammability class of insulation material in accordance with UL 94:</b> | Other            |
| <b>Width/Raster size:</b>                                                  | 16.6 mm          |
| <b>Height at lowest possible mounting height:</b>                          | 13 mm            |
| <b>Length:</b>                                                             | 174.5 mm         |
| <b>Sealing plate required:</b>                                             | No               |
| <b>Color:</b>                                                              | White            |
