PRODUCT DATASHEET | IL-LUCDW

LUCID WHITE DIFFUSER FOR IL-LUCM

DESCRIPTION

Spherical fixture that can be fitted with various covers with different shapes and lenses. On two of the lenses, the reflector can be replaced to a color of your choice for a special effect. The entire metal housing has a high-quality matte black finish. You can choose a version with 3CCT (3,000, 4,000 and 5,700K) or dim-to-warm (2,000-3,000K). Both variants are dual power (6 or 9W) AND triac dimmable. The fixtures are suitable for a 3-phase track rail. The fixture can be placed directly into this or choose pendant mounting. Application areas: retail, offices and hospitality venues. Learn more
