MR16 FRAME, 87.5 MM ROUND, BRUSHED CHROME, IP20, WITH JUNCTION BOX (GU10 NOT INCLUDED)

DESCRIPTION

The MR16 recessed frame, with a diameter of 87.5 mm, is a stylish solution for finishing recessed lighting in dry indoor spaces. Thanks to its round design and high-quality black finish available in 3 colors, the frame blends perfectly with modern, industrial, and minimalist interiors.

The recessed frame comes with a junction box, making installation simple and safe. The GU10 socket is not included, so you can choose the socket and light source that best suit your lighting project. The frame is suitable for GU10 applications and has an IP20 protection rating, making it ideal for use in living rooms, kitchens, offices, stores, and showrooms, among other places.

With its sleek design, durable finish, and practical construction, this MR16 recessed frame is an excellent choice for both new construction and renovation projects where a clean and modern look is desired.
