PRODUCT DATASHEET | IL-LOPKIT1W

ORION LINEAR PENDANT SET (POWER AND STEEL CABLE) WHITE

DESCRIPTION

To pendant one individual Orion Linear fixture, 1x pendant kit with power cable is required (IL-LOPKIT1B or IL-LOPKIT1W). This kit consists of a power cable with a steel cable attached and a loose steel cable (H05VV-F 3x1.5mm2) of 2 meters. When connecting multiple fixtures together, you need 1x pendant set 1 (IL-LOPKIT1B or IL-LOPKIT1W) and 1x connector (IL-LOACC) for the first fixture. For each attached Orion fixture, you need a pendant kit 2 (IL-LOPKIT2). This set consists of 2 steel cables (H05VV-F 3x1.5mm2) of 2 meters. For the dimmable Orion, you only need a pendant set 1 (IL-LOPKIT1B or IL-LOPKIT1W).
