

PRODUCT DATASHEET | 33-450
PHOTO-GONG SET PIR WHITE WIRELESS 230VAC/12VDC

DESCRIPTION

This wireless Servodan photo gong is the perfect notification system to keep an eye on your front door and give your customer a pleasant welcome.

In situations where wiring between the sensor and the unit is problematic or impossible, this photo gong provides the solution!

Settings using Dip switches: you can turn off the system without losing the settings.

The range of the gong is 200m (measured in the free field).
