

PRODUCT DATASHEET | PWC16R
POWER SOLID MATING PLUG 16A TPE EDGE GROUND IP44 BLACK

DESCRIPTION

The Power Solid mating plug 16A is a robust and professional solution for safely connecting electrical appliances. Thanks to its extra-long design, this plug offers more connection space, making installation easier.

The mating plug features a quick-lock system, allowing you to install it quickly and efficiently. The soft TPE material provides extra flexibility, comfortable mounting and high resistance to weather conditions. With the IP44 protection rating, this plug is splash-proof and suitable for use in both indoor and outdoor environments.

Its professional finish and sturdy construction make the Power Solid mating plug ideal for installers, construction sites, workshops and other applications where reliability is important.

SPECIFICATIONS

Brand:	Power
Product type:	Clutch
Model:	CEE 7/3 (type F) safety plug
Material:	Plastic
Material quality:	Thermoplast
Degree of protection (IP):	IP44
Insertion direction:	Straight
Connection technology:	Screw Clamp
Suitable for grounding pin:	No
With voltage indication:	No
Color:	Black
Number of poles:	3
Nom. voltage :	250 V
Nom. current :	16 A
