SAM 3100H WORK SWITCH 3P+N+PE 100A/415V EMC 45KW GRAY IP65

JACSKOOPMAN

DESCRIPTION

SPECIFICATIONS

Brand:	Norwesco
Product type:	Safety switch
Design as a main switch:	Yes
Version as a working switch:	Yes
Design as a safety switch:	Yes
Version as an emergency stop device:	No
Version as a reversing switch:	No
Number of switches:	1
Max. rated operating voltage Ue at AC :	415 V
Nom. continuous current Iu :	100 A
Nom. continuous current, AC-23, 400 V :	100 A
Rated power, AC-23, 400 V :	45 kW
Number of poles:	3
Number of auxiliary contacts as changeover contacts:	1
Device construction form:	Complete device built into housing
Control element color:	Black
Implementation of the control element:	Rotary knob
Lockable:	Yes
Housing material:	Steel
Housing color:	Gray
Main circuit connection method:	Cable Clamp
Degree of protection front (IP):	IP65
Width:	300 mm
Height:	400 mm
Depth:	200 mm
