

## PRODUCT DATASHEET | PWC316Z

SOCKET BOX MOUNTABLE 16A WITH CABLE GLAND 3-GANG IP54 BLACK

## DESCRIPTION

The Power Solid splash-proof and mountable socket is available in a 3-gang or 4-gang version, available in stylish black or gray with blue. Robustly built and certified to IEC 60884-1:2022. With an IP54 rating, it is ideal for use in demanding environments. Raised sockets maintain splash resistance when using straight splash-proof plugs. Connection has also been thought about: input through an M20 cable gland (included), suitable for cable input up to 2.5 mm<sup>2</sup> and equipped with a 180-degree rotatable cover for added convenience during installation.

## SPECIFICATIONS

|                                                                  |             |
|------------------------------------------------------------------|-------------|
| <b>Brand:</b>                                                    | Power       |
| <b>Product type:</b>                                             | Socket      |
| <b>Housing form:</b>                                             | Rectangular |
| <b>Number of sockets with protective earth CEE 7/3 (type F):</b> | 3           |
| <b>With increased touch protection:</b>                          | Yes         |
| <b>With on/off switch:</b>                                       | No          |
