SOLAR LED GARDEN TORCH WITH FLAME Ø75MM MAX 65CM HIGH 2 PCS INCL. BATTERY

DESCRIPTION

Turn your garden into a magical place with the led garden torch. This beautiful garden torch creates an enchanting effect and works entirely on solar energy. The height of the torch can be adjusted to 48 or 65cm. The garden torch is an impressive addition to your outdoor space. Place it along your garden path, by the pond or around your patio and enjoy the atmospheric lighting.

The torch is equipped with LED lighting. The soft, warm light provides a cozy ambiance and creates a romantic atmosphere. In addition, the torch saves energy thanks to the built-in twilight sensor, which ensures that the lights turn on automatically when darkness falls.

This garden torch works entirely on solar power, so you don't have the hassle of wiring or batteries. During the day, the sun's energy is stored in the internal battery in 6 to 8 hours, allowing the torch to burn for up to 16 hours in the dark.

Thanks to its weatherproof design, the torch can withstand various weather conditions. Rain or wind will not bother the torch, allowing you to enjoy it all year round.

The Garden Torch combines functionality with beautiful design. Create a magical atmosphere in your garden and enjoy the warm glow of its light. A perfect addition to your outdoor space for cozy evenings and special occasions.

SPECIFICATIONS

Brand:	Interlight
Product type:	Garden lighting
Type of lighting fixture:	Ground Pen
With base plate:	No
With light sensor:	No
With motion sensor:	No
Lamp type:	LED not interchangeable
With light source:	Yes
Suitable for number of light sources:	1
Lampholder:	Other
Housing material:	Plastic
Quality class material housing:	Other
Surface protection:	Lacquered
Housing color:	Black
Material cover:	Plastic transparent
Voltage type:	DC
Nom. voltage :	2 V
Nom. current :	800 mA
Ballast:	LED control current-controlled
Driver included:	Yes
Interchangeable ballasts:	No
Light distributor:	Diffuser lens/optics/panel
Constant luminous flux control:	No
Degree of protection (IP):	IP65
Impact resistance:	IK01
Protection class according to IEC 61140:	III
Suitable for lamp power:	0.3 W
Max system power:	0.3 W
Effective luminous flux according to IEC 62722-2-1:	12 lm

Light distribution:	Symmetrical
Light outlet:	Direct
Beam angle:	Free radiating/diffuse
Light color:	White
Color temperature:	1600 K
Color rendering index:	80-89
Width:	75 mm
Height/depth:	75 mm
Length:	650 mm
Type of wiring:	End
Compatible with Apple HomeKit:	No
Compatible with Google Assistant:	No
Compatible with Amazon Alexa:	No
With IFTTT support:	No
Meets min. EIA lifetime criterion L90 (at 50,000 hours at tq = 25°C) :	No
