TWILIGHT SWITCH 230VAC 2-2000 LUX IP54

**DESCRIPTION**

This twilight switch allows you to turn lights up to 1200W on and off automatically. The lux value is adjustable from 2 to 2000 lux. In addition, the time delay is adjustable 20 to 120 seconds. The twilight switch is white with a transparent protective cover. The housing is splash-proof (IP54), so it is also suitable for damp environments. Dimensions (lxwxh): 80x50x110mm.
